Fourth Quarter Report

Fourth Quarter Ending 30 September 2015

Cayman National Corporation Ltd. is pleased to announce its (unaudited) results for the financial year to 30 September 2015. Net Income Attributable to the Company relating to our normal activities was CI\$5,670,990, an increase of 68% over the same period last year.

Total Comprehensive Income for the year was CI\$6,401,930 which is up just over 100% on last year. Total Income increased by 7% on a year ago with Total Expenses up by 3% mainly due to some additional loan provisions which we felt prudent to provide. Despite this, our loan book remains sound with loan default at levels well below most in our industry. Notwithstanding the overall marginal increase in Expenses, our largest expense (which is Personnel Costs) was well contained and reduced by 1% on a year ago.

The Company's Balance Sheet remains strong with Total Assets remaining well above the CI\$1 billion mark and Shareholders' Equity up by 5% on a year ago at CI\$85 million.

The performance of the business from our normal activities remains strong and is improving. The measures we have taken to cut costs and improve our non-interest income are bearing fruit, and we are on course to continue to reap those benefits.

Like many financial institutions around the world, including others in the Caribbean, two of Cayman National's businesses, Cayman National Trust Co. Ltd. and Cayman National Securities Ltd., have been under investigation by the US Department of Justice (DOJ) with respect to potential violations of United States criminal laws relating to the evasion of tax by US taxpayers.

The investigation focuses on mainly past wrong-doing by Cayman National Securities Ltd. and Cayman National Trust Co. Ltd. Necessary remedial action within these companies is nearly complete. We have cooperated with the investigation as far as we are able, given the laws of the Cayman Islands.

| Interest | 2015 | 201 |
|---|--------------|-------------|
| Interest Income | \$31,953,455 | \$28,604,91 |
| Interest Expense | 2,264,903 | 2,434,78 |

*There is no other comprehensive income attributable to Non-controlling interests

No issues, and no wrong-doing, have been alleged with respect to CNB (Cayman National Bank Ltd.), or the parent company, Cayman National Corporation Ltd.

As a result of our on-going discussions and negotiations with the US DOJ, for this present year reported, we will be obliged to accrue an expense of CI\$5 million as a potential settlement amount. This amount is not yet reflected in the unaudited results for the year to 30 September 2015 reported in this announcement. The matter is not yet finally resolved, and all terms may be subject to change, but we expect to conclude a final settlement at CI\$5 million within weeks.

As a group, we look forward to concluding this matter and focusing on the opportunities of building our business in 2016 and beyond. The remedial actions now taken enable us to re-focus our business on strong profitability as we move forward.

In all of the circumstances, the Board of Directors decided that it would not be prudent to declare a dividend at this time. Our ambition remains one of rewarding shareholders with viable dividend payments whilst also maintaining stability and a sound capital base of the business.

We take this opportunity to thank our Staff, who are mainly Caymanians, for their hard work and dedication. Our business is expanding, and our employees have been working even harder and more efficiently. We also take this opportunity to thank our customers, both long-standing and recent, together with our shareholders. We are grateful for your continued support, and look forward to working with you in the future.

Amu Solller

Dr. the Hon. Truman M. Bodden

Chairman of the Board of Directors Cayman National Corporation Ltd. Stant Jul.

President and Chief Executive Cayman National Corporation Ltd.
