

Customer Notice

Re: Termination of Email and Facsimile Instructions

Please note that effective **Monday, September 3rd, 2018**, Cayman National Bank will no longer accept instructions via email and facsimile to execute the following transaction types:

- **Drafts**
- **Wire Transfers**
- **Payroll**
- **Standing Orders**
- **Transfers to other CNB account holders**

Email and facsimile are common means of giving fraudulent instructions. This step, which is consistent with industry practice, reduces that risk to your accounts.

We encourage use of our **Online Banking** service as a secure and efficient way to conduct these and other transactions at your convenience.

If you would like to enroll for our Online Banking service or you are an existing user and require assistance with how to conduct these transactions online, please enquire at any of our Customer Service Centres or call our Customer Support at **345 949 4655**.
